- (i) “technical training” means technical training as defined in the *Apprenticeship Program Regulation* (AR 258/2000);
- (i) “trade” means the occupation of gasfitter that is designated as a compulsory certification trade pursuant to the *Apprenticeship and Industry Training Act*;
- (k) “trade Regulation” means the *Gasfitter Trade Regulation* (AR 279/2000).

Existing apprentices - requirement to enter into the new apprenticeship program

2 An existing apprentice must, subject to this Order, enter into the new apprenticeship program on September 1, 2017. Placement in the specific new apprenticeship program period of training will match the old apprenticeship program period placement.

Existing apprentices - transition period

3(1) Subject to this Order and until August 31, 2023, the hours of on the job training that an existing apprentice must acquire in each period of an apprenticeship program in the trade are the previous hours of on the job training.

(2) For greater certainty, the previous hours of on the job training that an existing apprentice must acquire, as applicable are

(a) in the gasfitter (A) branch of the trade, not less than 1500 hours in the first, 2nd and 3rd periods;

(b) in the gasfitter (B) branch of the trade, not less than 1500 hours in the first and 2nd periods.

(3) The change in the names of the two branches of the trade under the trade Regulation on September 1, 2017 does not impact the trade name, undertakings, tasks, activities and functions of the branches or other matters prescribed in the trade Regulation.

Credit for existing 1st, 2nd and 3rd period apprentices

4(1) An existing apprentices who, before September 1, 2017, has successfully completed the first, 2nd or 3rd periods of apprenticeship in the previous apprenticeship program is to be given credit for having successfully completed the first, 2nd or 3rd periods of apprenticeship, as applicable, of the new apprenticeship program.

(2) An existing apprentice who, before September 1, 2017, has not successfully completed the first, 2nd or 3rd periods of apprenticeship is to be given credit for the technical training the apprentice has successfully completed and the hours of on the job training the apprentice has acquired in the apprentice's previous apprenticeship program.

(3) Subject to credit being granted under subsections (1) and (2), an existing apprentice must successfully complete the requirements of the new apprenticeship program in order to be granted a trade certificate in the trade.

Credit for on the job training

5 In granting credit for hours of on the job training for the purposes of this Order, the credit granted may be a lesser amount if the Executive Director is on the opinion that the lesser amount properly reflects the actual amount of hours of on the job training that the existing apprentice had acquired in the trade before September 1, 2017.

Existing trade certificates

6 A trade certificate granted in the trade before September 1, 2017 is equivalent to a trade certificate granted in the trade on or after September 1, 2017.

Coming into force

7 This Order comes into force on September 1, 2017.
