For the Employer:

The applicant needs the email address of an individual in your company who has the authority to act on your company’s behalf to recommend credit for any previous work experience and agree to enter into an apprenticeship contract. The following steps should be followed by this person.

1. After an applicant enters the employer-provided email address in the application, he/she receives an email. To validate that the email address is correct, click on Confirm My Email.
2. After the applicant completes the application, you are notified by email. The email includes a link to access the application. When you click the link you are directed to the MyAlberta Digital ID page.
   - You must create a basic MyAlberta Digital ID account.
   - This requires you to accept the Terms and Conditions, create a user profile and account. It is free to create and grants access to participating online government services.
3. When you have logged in, you are directed to the employer landing page that includes instructions and access to the application.
4. You must agree to be a party to the contract of apprenticeship to continue.
5. You must verify the application and agree to the Terms and Conditions.
6. The applicant may have past work experience he/she wants to claim. It is at your discretion to recommend how much relative work experience should be granted. You must click the Yes button on the top left, then the Edit button beside the time credit, then recommend the granting of the appropriate hours from the drop down menu when it appears.
   **NOTE:** All apprentices must complete a minimum contract (one year of months and hours) regardless of how much work experience they have.
7. Confirm and submit as required.
8. You are asked if you will pay for the application. If you choose Yes, it will refer you to Payment Options and the application is submitted. If you choose No, the applicant receives an email instructing him/her to choose a payment option and the application is submitted.

All applications have a lifespan of 75 days. If an application is not completed within this time frame, it will be cancelled and the applicant must start again.
