

Summary of Recognized Trade Credentials

Alberta's growing trades industry sees talented employees from all over the world entering our province's job market.

The following information lists **recognized trade credentials in Alberta**, categorized first by the issuing jurisdiction, the Alberta trade, followed by the equivalent credential. Individuals holding a recognized trade credential are eligible to work in the full scope of the trade in Alberta based on their credential without having to sit for examinations.

Visit tradesecrets.alberta.ca for more information on recognized credentials for each of Alberta's trades.
