

# Apprenticeship Program Annual Update 2025-26

## Glazier Systems Installer

### Glazier Apprenticeship Education Program (AEP) Overview

	Consists of four periods of training.		Classroom instruction is offered at SAIT.
	All periods consist of 1620 on-the-job instruction hours.		A province-wide survey is underway to gather feedback on changing the trade's restricted activities. Industry consultation is underway.
	A proposed change from four to three periods of classroom instruction, with a fourth period of on-the-job hours only has been submitted for approval. This will align Alberta's Glazier with the Red Seal model		The AEP documents, including the curriculum guide, record book, and exams are currently being updated by industry representatives. Scheduled implementation is September 2027.

### Directing the Future of Alberta Skilled Trades and Apprenticeship

Apprenticeship education and the direction of the skilled trades in Alberta is a partnership between apprentices, employers, industry, training providers and government. The Alberta Board of Skilled Trades and the My Skilled Trades Network are two groups with responsibilities for directing the future.

#### Alberta Board of Skilled Trades (ABST)

ABST is responsible for advising the Minister of Advanced Education on the direction of Alberta's designated trades certification system. To learn more about ABST and its members, visit [ABST](#).

#### My Skilled Trades Network (MySTN)

MySTN is the AIT consultation network where experienced tradespeople can volunteer to provide feedback that helps shape apprenticeship education, exams, and training resources. It is hosted on the Tradesecrets website and is open to anyone with experience in an Alberta designated trade. To apply to join the network at learn more, visit [MySTN](#).
